WORK EXPERIENCE

African Leadership College,Mauritius - Career Development fellow

October 2017- May 2018

- Organised office hours twice a week and gave feedback to 190 students on their resumes to get the resumes to a mastery level which they will use to apply for internships.
- Interviewed 35 students with a teammate and used the data to develop 2 personas reflecting 75% of the ALC student body, which will be used to develop a student engagement strategy.

African Leadership College, Mauritius - Student Recruitment intern

May 2017- August 2017

- Leading French writer in a team of four, replying to over 200 emails weekly in both English and French for over 3 months coming from over 14,000 applicants which led to the admission of 400+ students into ALU in 2017
- Worked on a data analysis project which involved using the data of over 9000 applicants to segment and strategized a marketing plan which was used to build a data model for ALU which will be implemented in 2018
- Supervised an info session of 15 applicants for ALU where I taught 4 of them how to apply into ALU and was able to secure 3 full applications 1 out of which was admitted to ALU.

BirocolExans, Cameroon - Vice president

An Association of Bishop Rogan College Alumni found in the University of Buea.

January 2016-August 2016

- Spearheaded a give program by the school alumni, where we raised \$400 used to buy stationeries for 50 high school students and 150 orphans.

Extra-Curricular

- **Campaign against HIV/AIDS** - Organised a workshop for over 500 people and distributed contraceptives to over 700 people to create awareness.
- **Founder, swapnsells** - swapnsells is a community-based platform which is aimed connecting and easing the buying and selling of used and unused products between people in the same community.
